# GO ANOTHER WAY

Forget smooth, even roads. It is entirely up to you which way you go. Or the terrain that you travel. Discover the unknown with the new ŠKODA KAROQ, and not simply when you are driving.

Your car will be tuned to perfection thanks to its unique ŠKODA accessories. Enjoy the drive and the look to the very full.

All accessories in this catalogue have been designed with one goal in mind – to provide you and your nearest and dearest with comfort and safety on the road. Unique ŠKODA accessories will bring you top quality, backed up by thorough testing, all designed to bring your ŠKODA KAROQ that little bit extra.

# INFO TAINMENT

# INFOTAINMENT

The ŠKODA KAROQ's skills stretch far beyond its driveability and competence in transporting passengers and their luggage. Connecting the car to your multimedia devices opens up a completely new world of entertainment, information and communication. With ŠKODA Genuine Accessories you will experience a fully connected life.

## CARSTICK

The CarStick can be used to generate an internet connection for mobile online services (ŠKODA Connect). This means that you can use the services without using an internet connection from your smartphone. You can even set up a Wi-Fi hotspot in your vehicle in just a few seconds. Simply insert a suitable SIM card into the CarStick, connect it to the USB slot in front of the gear lever and set up on the Amundsen navigation system. You can then connect any Wi-Fi enabled device to your own on-board network. (000 051 409F)

## UPDATE YOUR MAPS AND SOFTWARE

Our goal is to make your life easier and your trips a pleasure. To achieve this, we prepared a new Infotainment Portal for you, using state-of-the-art technologies. Visit <http://infotainment.skoda-auto.com>, enter your vehicle VIN code and see how easy it is. The system recognises which updates you need and offers you the chance to download them comfortably at home. If you buy a new ŠKODA vehicle or navigation system, you get free map updates of your Europe navigation database for three years.

## MAP UPDATES

Any road network is subject to ongoing changes, which means you must update the memory of your navigation system. This is the only way to travel securely to your destination every time, find the shortest route and enjoy your trip. For this reason, map updates save you time and money.

## COMPATIBILITY LIST

This application will display your external device (smartphone, tablet) compatibility with software functions of the Infotainment system (Bluetooth, SmartLink™ etc.).

## SOFTWARE UPDATES

Don't forget to update other software in your Infotainment system.

## MY DESTINATIONS

Through the MyDestination App you can set up destinations of your upcoming trip comfortably at home. Then you simply import the list to your navigation device. You no longer have to sit in your car while preparing your route. Controlling the navigation device is easier and more comfortable with this application.

A close-up, slightly blurred photograph of the open rear trunk of a dark-colored car. The trunk is filled with various fresh items: a wooden crate of green leafy vegetables, a basket of red strawberries, a wooden planter box with tall green grasses, and several pineapples. The scene is set outdoors on a paved surface, suggesting a lifestyle of freshness and utility.

**COMFORT  
& UTILITY**

# COMFORT & UTILITY

Whatever you decide to transport, you should always keep in mind the proper equipment; only with that the KAROQ will handle every journey. Be prepared to meet these challenges and take your pick of the ŠKODA Genuine Accessories best suited to your driving needs.

## COMFORT PACK L

(000 061122D)

There are many reasons why drivers love ŠKODA vehicles. Some people appreciate their practicality, others admire their family virtues, and some others are impressed by their timeless design and comfort.

We have prepared budget-wise packss to underline exactly the side of your car's personality you value the most.

Enjoy your very own comfort zone wherever you go. COMFORT PACK offers many smart solutions to make your business and family trips even more pleasant.

## Holds and lasts

Did you know that the textile floor mats from ŠKODA Genuine Accessories also undergo the so-called 'heel test'? This test simulates the action of the driver's foot on the accelerator, sinking the heel 5 mm into the floor mat in both dry and wet conditions at an angle of 45°. The floor mats also undergo an additional load test in the form of a long driving test, and further focus is placed on the brackets fixing the front floor mats to the car upholstery. The tests are designed to verify the proper clip strength needed to enable comfortable handling by the driver, while keeping the floor mat in place despite the occasional application of force during the drive.

Heel test device

Testing of fixing element strength

A photograph of a Weimaraner dog sitting on a concrete pier next to the open rear door of a light-colored car. The dog is looking towards the left. In the background, there are several orange wooden houses with white window shutters, built on stilts over a body of water. The sky is overcast.

**SIMPLY  
CLEVER**

# SIMPLY CLEVER

The “Simply Clever” motto is a part and parcel of the ŠKODA brand as a steering wheel is a part of a car. It combines clever and practical equipment making your ŠKODA KAROQ comfortable and highly usable. The basic thrust, though, remains the same for everyone: to deliver a premium ride and pleasurable use of the car.

TRANSPORT

# TRANSPORT

ŠKODA KAROQ offers many options of transporting everything you need. And you don't have to be limited by the capacity of the luggage compartment. Bike racks carriers and roof boxes will make it easier to reach your summer and winter destinations. High-quality materials and advanced production technologies facilitate handling and guarantee the long life of all accessories.

Heel test device

The racks undergo a number of demanding tests. Their resistance to corrosion, loading capacity, strength and durability are tested in various conditions, as well as the subsequent water tightness of the car after their installation. During the so called City Crash test, a rack loaded with 90 kg must remain on the car body under a force of approximately 12 G lasting for 50 milliseconds (impact simulation).

# SAFETY

# SAFETY

We manufacture the vehicles so that you always arrive safely to your destination. The safety is the most important for us. Therefore, we take care to choose the proper child seats, dog safety belts or other accessories which will be useful in unexpected situations. All products from the ŠKODA Genuine Accessories range guarantee maximum reliability.

(000 019 819A)

Do you want to ensure the maximum safety of your children in the car?

The child seats from ŠKODA Genuine Accessories with mounting options for transporting against the direction of travel, comfort and variability, represent the best solution for transporting the smallest passengers.

#### Practical and variable

The intelligent design of these child seats allows the child to not only be seated in the back, but also on the front passenger's seat where you can see them. The child seats feature variability and numerous setting options to adapt them to the changing size of your children.

#### Perfectly verified

All child seats from ŠKODA Genuine Accessories comply with European safety regulations (EHK 44.04) and have passed a number of other tests. The high quality and safety of these child seats is demonstrated by their excellent results in the Euro NCAP impact test, together with successful non-combustibility testing, harmful substance ratings and cover quality.

Watch the child seat testing video.
