**BUSINESS CLASS WITH TOUCH OF PERFECTION.**  
The same way shoes tell important things about you, rims tell about your car. Whether your goal is to accentuate ŠKODA OCTAVIA's elegant or sports attributes, genuine wheels are a perfect match.

 ELEGANCE

 SPORT

 OUTDOOR

 May be used with snow chains

Did you know, that...  
All the alloy wheels have passed rigorous homologation tests of ŠKODA AUTO to prove their resistance to corrosion, climatic influences and driving strain? Moreover, alloy wheels are protected by a layer of extremely hard, heat-resistant paint.

# INFO TAINMENT

# INFOTAINMENT

With ŠKODA Genuine Accessories, you can sharpen the ŠKODA OCTAVIA's prowess, making it much more than a high-performance machine or luggage carrier. Connecting the car to your multimedia devices opens up a completely new world of entertainment, information and communication. Teach all your technology to speak the same language and leverage the car's potential to the full.

## CARSTICK

The CarStick can be used to generate an internet connection for mobile online services (ŠKODA Connect). This means that you can use the services without using an internet connection from your smartphone. You can even set up a Wi-Fi hotspot in your vehicle in just a few seconds. Simply insert a suitable SIM card into the CarStick, connect it to the USB slot in front of the gear lever and set up on the Amundsen navigation system. You can then connect any Wi-Fi enabled device to your own on-board network. (000 051 409F)

## UPDATE YOUR MAPS AND SOFTWARE

Our goal is to make your life easier and your trips a pleasure. To achieve this, we prepared a new Infotainment Portal for you, using state-of-the-art technologies. Visit <http://infotainment.skoda-auto.com>, enter your vehicle VIN code and see how easy it is. The system recognises which updates you need and offers you the chance to download them comfortably at home. If you buy a new ŠKODA vehicle or navigation system, you get free map updates of your Europe navigation database for three years.

## MAP UPDATES

Any road network is subject to ongoing changes, which means you must update the memory of your navigation system. This is the only way to travel securely to your destination every time, find the shortest route and enjoy your trip. For this reason, map updates save you time and money.

## COMPATIBILITY LIST

This application will display your external device (smartphone, tablet) compatibility with software functions of the Infotainment system (Bluetooth, SmartLink™ etc.).

## SOFTWARE UPDATES

Don't forget to update other software in your Infotainment system.

## MY DESTINATIONS

Through the MyDestination App you can set up destinations of your upcoming trip comfortably at home. Then you simply import the list to your navigation device. You no longer have to sit in your car while preparing your route. Controlling the navigation device is easier and more comfortable with this application.

## ONE APP AND CONNECT APP

OneApp is a useful mobile application offering easy access to a wide range of services and assistance tools. You can easily check the vehicle status or a trip log or plan a trip by referencing nearby places of interest simply and conveniently on your smartphone in the comfort of your home. With ŠKODA Connect App in place, your car remains under your control at all times. Access all necessary features and functions of your vehicle anywhere and anytime from your smartphone or smartwatch. Features are available based on ordered ŠKODA Connect bundle: Infotainment Online or Care Connect.

**Navigation SD card**  
ŠKODA Genuine Accessories  
Amundsen navigation system;  
(Europe 1 – 5L0 051 236AD  
Europe 2 – 5L0 051 236AE  
World 1 – 5L0 051 236AF  
World 2 – 5L0 051 236AG  
empty – 5L0 051 236C)

## Voice control system Amundsen/Bolero

The activation software is intended for the licence approval of the Voice Control system and its successful installation. Some device functions can be operated using voice commands, the device can be used more quickly and driving the car is a more comfortable experience. The Voice Control system can be used in the following menus: Radio, Media, Telephone, Navigation. Further important information can be found in the vehicle documentation. Installation must be carried out by an authorised ŠKODA partner. (Amundsen – 000 054 802, Bolero – 000 054 802A)

## Connecting cable USB

ŠKODA Genuine Accessories  
Micro (5JA 051 446J)  
Mini (5JA 051 446H)  
Apple (5E0 051 510E)  
USB C (565 051 510)

## Drive Activity Assistant

ŠKODA Genuine Accessories  
At speeds from 65 to 200 km per hour, the system evaluates data from the power steering sensors. When it detects behaviour that may indicate fatigue (such as more intensive direction corrections via the steering wheel), it sends an audible and visual signal to the driver, recommending to take a break. (5E0 054 801)

## SmartLink+

(000 054 830A)  
it is available only for Amundsen, Bolero, Swing  
With the SmartLink+ system (ŠKODA Connectivity bundle supporting MirrorLink®, Apple CarPlay, Android Auto) the car's infotainment system enables the driver to safely use the phone while driving. Plus, all installed applications that are certified as safe for vehicles are compatible with MirrorLink®, Apple CarPlay or Android Auto. The SmartLink+ system also includes the SmartGate function. It enables you to connect your smartphone to the car via cable to access interesting data about your drive, like driving economy, driving dynamics or service information. (Visit our website for usage terms and compatibility information for SmartLink+.)

# COMFORT & UTILITY

# COMFORT & UTILITY

The best place to put the ŠKODA OCTAVIA through its paces is unquestionably in real life situations reflecting your lifestyle – weekend excursions with the family, new plants for the garden, or a boot packed with messy sports gear. The range of products from the ŠKODA Genuine Accessories workshop will prime you for all of these challenges so that you can master them easily and effortlessly.

**Holds and lasts**

Did you know that the textile floor mats from ŠKODA Genuine Accessories also undergo the so-called 'heel test'? This test simulates the action of the driver's foot on the accelerator, sinking the heel 5 mm into the floor mat in both dry and wet conditions at an angle of 45°. The floor mats also undergo an additional load test in the form of a long driving test, and further focus is placed on the brackets fixing the front floor mats to the car upholstery. The tests are designed to verify the proper clip strength needed to enable comfortable handling by the driver, while keeping the floor mat in place despite the occasional application of force during the drive.

**SIMPLY  
CLEVER**

# SIMPLY CLEVER

The words “Simply Clever” are not an empty marketing slogan, but genetic code, a sort of DNA for all ŠKODA cars that comes to the fore as smart components reinforcing the practicality or comfort of any car. The basic thrust, though, remains the same for all of them: to deliver a premium ride and pleasurable use of the car.

For mounting to the headrest, it is necessary to combine with

# TRANSPORT

# TRANSPORT

What makes the ŠKODA OCTAVIA so appealing is its distinctive design and the maximalist concept behind its ability to transport things around. When products from the range of ŠKODA Genuine Accessories come into the equation, the transport opportunities are no longer limited to the boot capacity, but also include bike racks and roof boxes, making it easier to reach your summer and winter destinations. High-quality materials and absolute compatibility guarantee ease of handling and safe transport.

**Basic roof rack**  
ŠKODA Genuine Accessories  
for OCTAVIA (5E5 071 126)

Heel test device

The racks undergo a number of demanding tests. Their resistance to corrosion, loading capacity, strength and durability are tested in various conditions, as well as the subsequent water tightness of the car after their installation. During the so called City Crash test, a rack loaded with 90 kg must remain on the car body under a force of approximately 12G lasting for 50 milliseconds (impact simulation).

# SAFETY

# SAFETY

We share a common goal with you: the safest possible travel for you and your loved ones, be they your children or even, say, your pets. This is why we recommend tried-and-tested, 100% compatible ŠKODA Genuine Accessories, such as child seats and safety belts for dogs. Needless to say, the range also includes mandatory safety equipment and items that will be a godsend if the unexpected happens.

Protective pad under the child seat

15–36 kg

**Kidfix XP child seat**  
ŠKODA Genuine Accessories  
3-point seat belt (000 019 906K)

15–36 kg

**Kidfix II XP child seat**  
ŠKODA Genuine Accessories  
4-point seat belt (000 019 906L)

Do you want to ensure the maximum safety of your children in the car?  
The child seats from ŠKODA Genuine Accessories with mounting options for transporting against the direction of travel, comfort and variability, represent the best solution for transporting the smallest passengers.

Practical and variable  
The intelligent design of these child seats allows the child to not only be seated in the back, but also on the front passenger's seat where you can see them. The child seats feature variability and numerous setting options to adapt them to the changing size of your children.

Perfectly verified  
All child seats from ŠKODA Genuine Accessories comply with European safety regulations (EHK 44.04) and have passed a number of other tests. The high quality and safety of these child seats is demonstrated by their excellent results in the Euro NCAP impact test, together with successful non-combustibility testing, harmful substance ratings and cover quality.

Watch the child seat testing video.
